

Important Information for Students

Diploma of Financial Services with a Lending pathway (FNS50107)

Kaplan Professional will discontinue delivery of this course at the end of Trimester 3, 2010. As an enrolled student, this decision has implications for the way you complete your course. To assist you in making the right choice for your circumstances, please see below some information that will help you plan your studies in order to achieve the qualification. As a current student you have the option to:

1. Continue the course with Kaplan Professional and complete by the end of Trimester 3, 2010

This option gives you three trimesters in which to complete your remaining subjects and meet the course requirements by the end of Trimester 3, 2010. You will then be eligible to receive a Kaplan Professional award.

2. Continue the course with Kaplan Professional but not complete by the end of Trimester 3, 2010

If you are unable to meet the course requirements by Trimester 3 2010, Kaplan Professional will provide you with a Statement of Attainment for any competencies that you have achieved in the course. You may take the Statement of Attainment to an alternative Registered Training Organisation that delivers a similar course. Under the principle of Mutual Recognition, the competencies you have achieved will be recognised.

It is important to note that you will achieve one full competency upon successful completion of the subject D511. To achieve the additional competencies linked to the qualification you must successfully complete the assessment tasks for subjects D512 and D513 and D514.
