

Kaplan Student Record Management Policy

Scope

This policy applies to Kaplan Business School, Kaplan Professional, Kaplan Higher Education Pty Ltd (trading as Kaplan Professional, Murdoch College, and Kaplan International College Adelaide), and Kaplan International NZ Limited operating as Massey University College (Kaplan).

Purpose

Kaplan's student records provide evidence of actions and decisions and represent a vital asset to support its daily functions and operations. This policy outlines the principles, roles and responsibilities that govern the recordkeeping of student records at Kaplan.

Policy Statement

The management of student records protects the interests of Kaplan, the rights of graduates and current students, and helps to deliver Kaplan's services and obligations in consistent and equitable ways.

Kaplan is committed to complying with relevant legislation and delivering better outcomes through the best practice management of these core assets.

Student data and information is managed in accordance with Kaplan's Privacy Policy and should be read in conjunction with this policy.

All student information collected by Kaplan will be retained as part of a database and will be securely monitored and maintained by Kaplan. Personal information will not be made available to a third party without the written authority of the individual concerned, unless Kaplan is legally required to share this information, or as otherwise outlined in Kaplan's Privacy Policy.

If an individual has any concerns regarding the handling or storage of their personal information, or they wish to access their personal information, the individual should contact the Kaplan Privacy Officer at privacy@kaplan.edu.au

Policy Principles

Kaplan adopts the following principles:

- Student records are appropriately created, managed, maintained and disposed of in accordance with legislative requirements, policies and recognised standards of best practice.
- Student recordkeeping practices are set up to support all administrative activities of Kaplan.
- Student recordkeeping practices are consistent across the organisation.
- Information in the form of records is:
 - ready for re-use and remains accessible for as long as needed
 - accessed across the organisation only by those with legitimate need
 - accurate, up-to-date and complete.
- Levels of responsibility are established regarding recordkeeping as relevant to all functions, processes, activities and transactions.
- Systems and staff protect information from unauthorised access, alteration, deletion or misuse.
- Everyone understands and appreciates the value of information as an asset for the organisation.

Governance

Kaplan has a duty to ensure that all its registered education providers comply with the requirements of legislation and any regulations with respect to any student records for which Kaplan is responsible.

Formal responsibility for the recordkeeping, monitoring and review of student records will be delegated to the Quality, Regulations and Standards (QRS) Team. The role of the QRS Team is to:

- implement records management policies for the organisation as a whole
- collaborate with business units and establish standards for recordkeeping in line with legislative requirements
- provide student recordkeeping guidance to business units
- develop electronic student records management strategies
- work with recordkeeping responsible staff in each business unit to develop coherent information across the organisation:
 - work with other accountable stakeholders, including officers and executive management, to ensure that student recordkeeping systems support organisational and public accountability.

Responsibilities

Staff

- Relevant Managers retain responsibility for ensuring appropriate systems and processes are in place for the capture, storage and disposal of records within their areas of responsibility, and that their team members are aware of their recordkeeping responsibilities and on how to meet them.
- All staff and contractors of Kaplan have an obligation to adhere to the proper and accurate keeping of

records within their areas of responsibility.

- Staff are aware of their responsibilities to create, capture and maintain records, how to achieve these responsibilities, and where to access further assistance if they require it.
- Information Technology (IT) Services retain responsibility for the capture, storage and subsequent migration or disposal of records captured to the system and perform regular audits on user access.

Systems and Processes

- Electronic and hardcopy records are never destroyed without first undergoing a process of appraisal and the approval of the relevant authority. The destruction of records must be always correctly documented.
- Records and information management requirements are identified and assessed in system acquisition or development, and evidence retained of this assessment.
- Records and information management requirements are identified and assessed when entering into cloud or similar service arrangements.

Access to Student Records

It is Kaplan's intent to ensure that current and past students have timely access to their records of enrolment, financial status and academic progress. Kaplan maintains up-to-date student records relating to enrolment and ongoing participation through the relevant School's Student Management Systems (SMS).

To access their records, current and past students are required to contact their relevant School's Student Services team. An administration fee may apply.

Student Records Protection

Higher Education, Pathways, ELICOS and Non-award courses

In the event that Kaplan ceases to operate, arrangements will be made for all student records to be held by an authorised representative organisation on behalf of Kaplan (such as a new provider).

Vocational Education and Training

In the event that Kaplan ceases to operate, arrangements will be made for all student records to be transferred to the Australian Skills Quality Authority (ASQA), including:

- certification documentation for each AQF qualification completed
- a statement of attainment for all units of competency completed for students who have not completed a full qualification
- any training and/or assessment activities undertaken that were only in partial fulfilment of a unit of competency.

New Zealand

In accordance with the *PTE Enrolment and Academic Records Rules 2012*, a back-up copy for all records referred to below must also be kept in a manner that is accessible in the event of PTE closure, natural disaster, or emergency, and for at least the period of time the particular records themselves are required to be kept:

- Records of individual student assessment and examination results that include the name of the student, the date of achievement and the relevant grade.
- Records of student attendance.

Reporting

In alignment with government and regulatory requirements, Kaplan is required to report on student data in accordance with scheduled reporting dates. These reporting requirements include, but are not limited to:

- AVETMISS
- FEE-HELP Estimates & Declarations
- PRISMS
- Quality Indicators
- TCSI

Recordkeeping

Kaplan maintains and monitors recordkeeping to ensure:

- student records requiring long term or permanent retention, are identified and managed appropriately including, where applicable, their transfer to Kaplan's archives when no longer required as active student records
- a copy of testamurs, records of results, academic transcripts and statements of attainment will be electronically kept in the student's academic file
- Kaplan takes all reasonable steps to protect the security of personal information that it holds and maintains the accuracy and relevance of the data it holds – including the implementation of appropriate measures to protect electronic records and records stored and generated in hard copy
- recordkeeping requirements are identified and addressed in the development and or purchase of all Kaplan business systems and that special consideration is given to outsourced, cloud based or similar service arrangements - including the management of records through system transitions and/or migrations
- student records must be disposed of in accordance with legislative requirements, policies and recognised standards of best practice
- Kaplan retains student records in a manner that safeguards them against unauthorised access, and which ensures that copies of records can be produced if the originals are destroyed or inaccessible.
