Special Consideration Application Information

Policy Guidelines
This policy is applicable to Kaplan Higher Education Pty Ltd, trading as Kaplan Online Higher Education.

Kaplan is dedicated to providing fair, equitable, consistent and transparent assessment practices for all students. Kaplan understands that occasionally, due to illness, misadventure or adverse personal circumstances beyond their control, students may be prevented from:

• completing an assessment task by the due date or attending an exam, or
• completing an assessment task to the best of their ability.

In recognition of this, Kaplan has set in place procedures that allow students to apply for special consideration for those assessments they believe are affected by any of the above circumstances. Students have a responsibility to act honestly and truthfully when applying for special consideration. Any student suspected of submitting a false or misleading application for Special Consideration will be investigated in accordance with Kaplan’s misconduct policy http://www.kaplanprofessional.edu.au.

Eligibility for special consideration
Students may apply for special consideration if unanticipated events (e.g. illness, bereavement, personal trauma) during the study period impact the student’s capacity to attempt or complete an assessment item to the best of their ability. Students who are uncertain about their eligibility should contact their Student Adviser.

Special Consideration will not be considered for students
• who fail to note correct assessment dates/times/venues
• who submit incomplete or inadequate supporting documentation
• who take annual leave and/or personal holidays during the study period
• who anticipate a change of employment
• who are unable to locate an Independent Supervisor
• Who attend events (e.g. conferences, weddings) during the study period.

Special consideration may be declined in the following circumstances
• applications made after assessment date
• high workloads/increased hours from employers or other organisations (supporting evidence must include when extra workload commenced, number of extra hours being worked each week and supporting letter from manager)
• with computer related problems (supporting evidence from an IT service must be supplied)
• who submit requests outside the designated time frames
• who have brief illnesses of less than seven (7) days prior to the assessment
• who wish to reapply to change the outcome of a previously approved application within the same study period.

While these lists are not exhaustive, it outlines common reasons why students apply for special consideration. Each application will be assessed on its merit.

How do I apply for special consideration?
Students wishing to apply for special consideration should contact a Kaplan Student Adviser prior to the upcoming assessment event and within 48 hours of the relevant incident occurring.

Applications for special considerations will not be considered after 48 hours unless evidence can be provided that the request could not be submitted within the time frame.

Students must:
☐ Complete and sign the application form for Special Consideration (Appendix 1).
☐ Attach all relevant documentation to support their circumstances (e.g. legal documents, death certificate etc.).
☐ For medical circumstances, a medical practitioner is to complete Appendix 2.
☐ Submit the application form to your Student Adviser and keep a copy of the application and all relevant documentation submitted.

How is this application processed?
Students will receive a confirmation email from their Student Adviser that their application has been received and is complete.
Special Consideration Application Information

The application will be forwarded with a recommendation to the Manager, Kaplan Higher Education Operations, or their delegated authority for consideration. After timely and fair consideration, Kaplan will notify the student in writing of the outcome.

Possible outcomes of a Special Consideration Application

Assessment extension may be granted for:

- Examinations — The extension will correlate to the number of days stated in the medical certificate from the doctor. A maximum extension of up to one week from the scheduled exam is allowed.
- Assignments — The extension will correlate to the number of days stated in the medical certificate from the doctor. A maximum extension of up to one week from the original assignment submission date is allowed.

Deferrals

A deferral may be granted to allow the student to re-enrol in the subject when it is next available or when they are fit to study within a maximum of 12 months.

- The deferred subject will display on the students’ transcript as Withdrawn No Penalty.
- Results from a previous assessment event for a deferred subject may be carried over to the next enrolment if no changes are made to the assessment strategy.

If an assessment has not been attempted at the mid study assessment period a deferral cannot be applied for at the end of the study period. If a student is not able to complete the subject a re-enrolment into the subject will be required.

Performance affected

Performance affected if a student has sat an exam or submitted an assignment and feel their performance was affected by illness, misadventure or adverse personal circumstances on the assessment date which was beyond their control they may apply for performance affected. If approved, the overall mark will be adjusted by a maximum of two (2) marks if it changes the student’s grade at the overall level. No action will be taken and the mark originally awarded will remain unchanged if the matter is deemed to not have affected the student’s performance in the assessment.

Reasonable adjustment

Students with documented learning needs prior to their enrolment may be eligible for additional support. Students should contact a Student Adviser for further information. Students who wish to appeal the outcome of their special consideration application should refer to the student grievance policy http://www.kaplanprofessional.edu.au.
APPENDIX 1: APPLICATION FOR SPECIAL CONSIDERATION

Student ID

First Name: ____________________________ Last Name: ____________________________

Email: ____________________________

Phone (H): ____________________________ (W): ____________________________ (M): ____________________________

Subject: ____________________________ Study Period: ____________________________

Please detail below the circumstances which have affected your studies during this study period:

____________________________________________________________________________________

____________________________________________________________________________________

____________________________________________________________________________________

____________________________________________________________________________________

Please indicate below your desired outcome:

☐ Assessment extension (original due date)

☐ Deferral

☐ Performance Affected (assessment date)

I have read and understood the policy guidelines on this application and I also understand that the submission of an application for a Special Condition does not automatically mean it will be approved. I give Kaplan the permission to contact medical practitioners or other relevant parties to verify authenticity of the supporting documentation I have provided in my application.
